If you are unsure, either call our team during business hours to check with us or Live chat our team. REMEMBER... It is the busiest time for our team, so once you have ordered it may take about 3 -4 days for the gifts to be produced and dispatched so make sure you add this into the delivery time. (Most of the time we dispatch within 48 hours of receiving your orders, but we cannot guarantee this.) For larger corporate orders, please allow 4-5 days in production before dispatch from our warehouses. Find out more here. Top tips from our team for a stress free gift giving experience with us

Trading Hours during our Christmas rush

From the 30th November 2021 our team will be working around the clock to ensure that all gifts are produced and dispatched for delivery before Christmas Day. Our customer service team will be answering calls during our office hours, which are 9.00am to 4.30pm Monday to Friday; however, you may find our online Live chat available to ask questions.

Patience

Our team is very experienced at handling the "Christmas rush" that only another gift hamper company will understand, please be patient with our team as we are under enormous stress at this time. We pride ourselves on being able to save many, many clients with last minute orders; however, we strongly encourage you get your order in as early as possible. Not only will this ensure a smooth and timely delivery, you will also avoid disappointment as our most popular gifts may sell out due to high demand.

Corporate bulk orders to Business addresses

Please contact our Customer Service team on 1300 733 933 if you wish to place a Corporate order. Our team will email you our order form spreadsheet, once you have filled that in, email it back to us for processing. Our Sales team will assess your order and be in contact to organise payment.

Deliveries to companies will need to be made prior to Thursday 17th December 2020, as many businesses will be closed after this date. Although we understand wanting delivery closer to Christmas, our many years of experience have taught us that it can be very difficult to deliver to businesses after this time, as many people have already finished work for the holiday season.

When considering your desired delivery date, please research your recipient's holiday plans and give a buffer of about 2 days so we can deliver your gift without a hitch. It's crucial we have the correct address of the business or the home address of your staff member. We have many returns at this time due to businesses re-locating during the year, or staff members that have moved without notifying their HR Department. Should a gift be returned, we will have to charge an administration fee of \$25 for handling the return and an additional delivery fee of \$15.95.

One more tip

Ensure that the message on the gift card has identified your company name and the person who is sending the gift. We don't want your recipient puzzled as to who sent them a gorgeous gift!
